

This is regarding Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. I believe this is or certainly should be in violation of the principal and law of fair access to public airwaves.

I am asking you to please uphold this principle. I know that the doctrine of free speech allows, in principle, anyone to put any idea out to the public, and I strongly believe in the doctrine of free speech. But in this case, a politically partisan owner is giving free airtime to one side in a hotly contested election days before the election.

If you do allow "Stolen Honor" to be aired, then please ensure that a program showing the other side, such as "Fahrenheit 911" or "Going Upriver" is also aired within the same time frame.

Thank you for your consideration of this potentially crucial infringement upon the democratic process.
